

July 26, 2021

Dr. Miriam E. Delphin-Rittmon
Assistant Secretary for Mental Health and Substance Use
Department of Health and Human Services
5600 Fishers Lane
Rockville, MD 20857

Dear Dr. Delphin-Rittmon

On behalf of the [Nursing Community Coalition \(NCC\)](#), we congratulate you on your confirmation as the Assistant Secretary for Mental Health and Substance Use at the U.S. Department of Health and Human Services (HHS) and welcome the opportunity to meet and discuss shared goals, especially during these unprecedented times. The NCC represents a cross section of education, practice, research, and regulation within the nursing profession and believes that the healthcare delivery system should be one that promotes wellness, advances research through scientific discovery, and provides timely access to care across the life continuum. We are proud to continue our work with HHS, especially as nurses, Advanced Practice Registered Nurses (APRNs)¹, nursing students, and nurse leaders represent the largest segment of the healthcare workforce.

During the ongoing COVID-19 pandemic, as with every public health crisis this country has faced, nurses and APRNs are the experts leading at the frontlines of the healthcare response. The work you have accomplished in addressing behavioral health equity and workforce development is essential as we continue to ensure our nurses, and the patients they serve, receive the care they need and deserve. This includes addressing the ongoing opioid epidemic and mental health needs throughout our country. We recognize that our students, nurses, and APRNs are an integral link to all aspects of that care, no matter if it is in remote rural areas or large urban cities. That is why we have supported various initiatives to remove barriers to practice, encourage innovation, increase investments in mental health, including for our practitioners, and address current and future public health challenges.

The unique partnership the NCC has created allows our national nursing organizations to unite on shared priorities and promote America's health through the nursing lens. We stand ready to work with you in your mission to support the health of our nation. If the Nursing Community Coalition can be of any assistance to you or your staff, and to set up a meeting to discuss shared goals, please

¹ APRNs include certified nurse-midwives (CNMs), certified registered nurse anesthetists (CRNAs), clinical nurse specialists (CNSs) and nurse practitioners (NPs).

do not hesitate to contact the coalition's Executive Director, Rachel Stevenson, at rstevenson@thenursingcommunity.org or at 202-463-6930, ext. 271.

Sincerely,
