The Honorable Jeff Merkley  The Honorable Cynthia Lummis
531 Hart Senate Office Building  127A Russell Senate Office Building
United States Senate  United States Senate
Washington, DC 20510  Washington, DC 20510

Dear Senator Merkley and Senator Lummis:

On behalf of the 61 undersigned organizations representing the Nursing Community Coalition (NCC), we would like to thank you for introducing the Improving Care and Access to Nurses (I CAN) Act (S.2418). The NCC is a cross section of education, practice, research, and regulation within the nursing profession representing Registered Nurses (RNs), Advanced Practice Registered Nurses (APRNs), nurse leaders, boards of nursing, students, faculty, and researchers. Together, we support this comprehensive effort to ensure patients, including those under Medicare and Medicaid, have access to the high-quality care provided by our nation’s APRNs.

From primary and maternal care to acute and chronic care, APRNs serve in all settings and in areas throughout the nation, including rural and underserved communities. More than 250,000 APRNs treated Medicare patients and approximately 40% of Medicare beneficiaries received care from an APRN.1 The I CAN Act would remove outdated barriers in the Medicare and Medicaid programs that currently prevent APRNs from practicing to the full extent of their education and clinical training. Removing these barriers will increase patients’ timely access to care from the provider of their choice and is consistent with recommendations from a broad range of organizations, including the National Academy of Medicine, the National Governors Association, the National Rural Health Association, the Federal Trade Commission, the Bipartisan Policy Center, the Brookings Institution, Americans for Prosperity, and the American Enterprise Institute.

As we continue to support the health care of our communities throughout the country, and create a more equitable system, passing the bipartisan I CAN Act is essential. We appreciate your leadership in this effort as we work to address today’s challenges and prepare for a healthier tomorrow. If the Nursing Community Coalition can be of any assistance to you or your staff, please do not hesitate to contact the coalition’s Executive Director, Rachel Stevenson, at rstevenson@thenursingcommunity.org.

1 APRNs include certified nurse-midwives (CNMs), certified registered nurse anesthetists (CRNAs), clinical nurse specialists (CNSs) and nurse practitioners (NPs).
Sincerely,
