

FY 2023 Nursing Community Coalition Members

The Nursing Community Coalition (NCC) includes 63 members organizations that are the cross section of education, practice, research, and regulation within the nursing profession. With over four million licensed Registered Nurses (RNs), Advanced Practice Registered Nurses (APRNs), and nursing students, the profession embodies the drive and passion to continually improve care for patients, families, and communities. We believe that the healthcare delivery system should be one that promotes wellness, advances research through scientific discovery, and provides timely access to care across the continuum.
